Good questions.

asked often, answered plainly.

Can we bring outside food and drinks?

Yes. Bring any outside food and beverages, alcohol included. We provide a mini fridge, serving trays and utensils.

Will I have to clean up?

No. A cleaning fee is included in your payment, so take what you need and leave. We'll take care of the rest.

Do you allow balloons?

Yes. We recommend blowing them up before you arrive to avoid rushing in the 30-minutes. If you choose "The Works" we will have them ready before your arrival.

Can I bring my own theme and supplies?

Yes. Essential includes the banner only, so bring your own décor and supplies and we'll work with you on them. The Works includes themed décor. Supplies over a certain amount may add a charge to your party fee.

Can you store supplies for me?

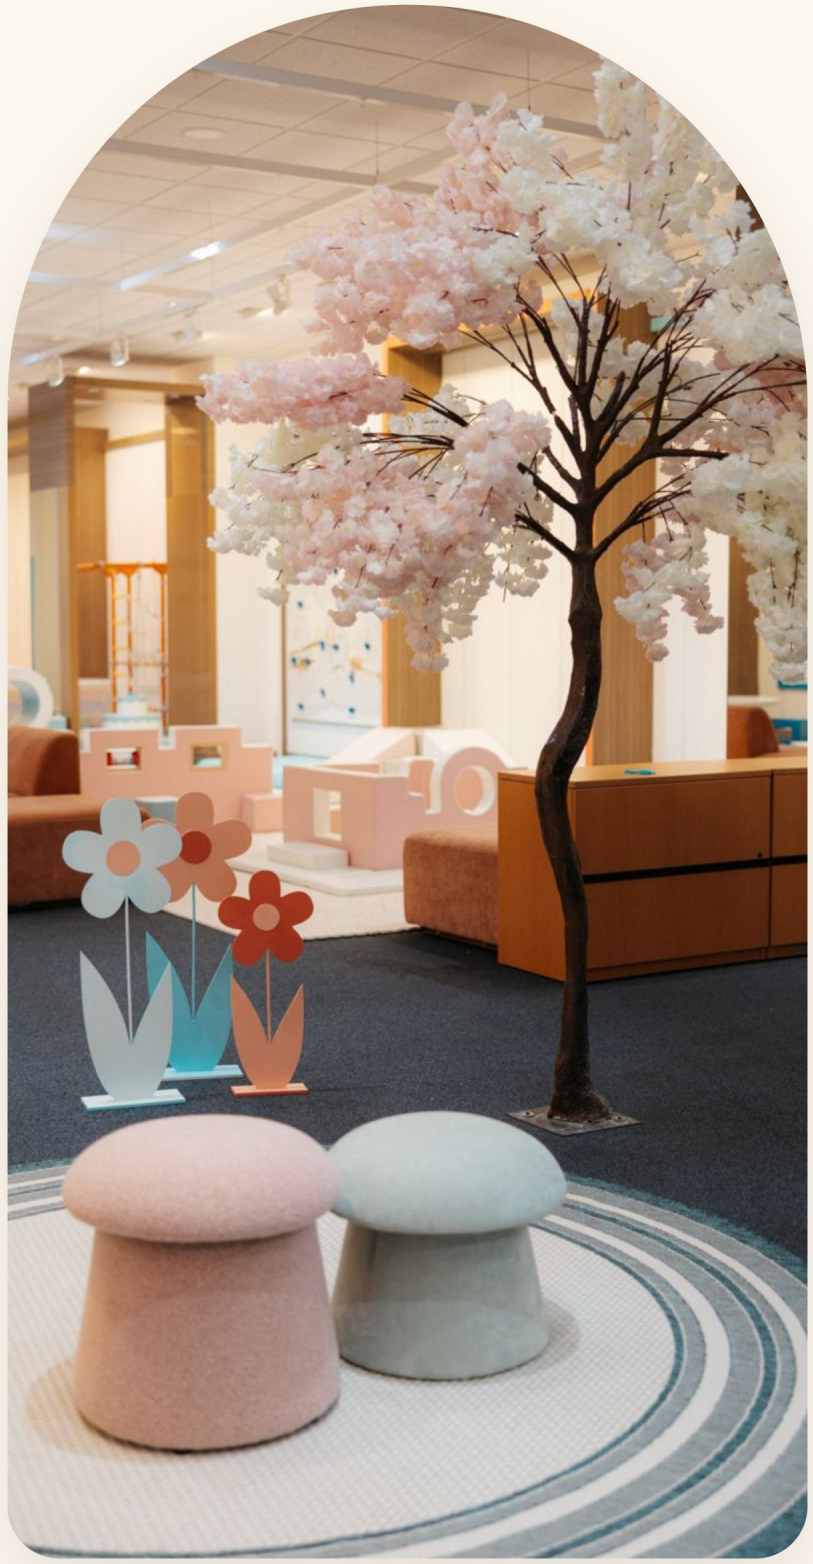

Yes, for 1–2 days before the party, space permitting. Coordinate with our team.

What decorations do you allow?

Any removable decorations. Please avoid glitter and anything that leaves permanent or extensive clean-up outside the activity area. For balloons, avoid latex (a choking hazard). Schedule a site tour to discuss your plans.
